

Growing the Federation, building a Guide Workshop

For the AGM, we would like to encourage growth and development of Groups and Federation across the country.

Using a variety of media, it is our intent to pass on our experience and knowledge to a wider audience to build in effect a Guide to Plus. A part of this will be the construction of a survey to identify opportunities and interests within the population.

We shall use a mix of collaboration, team work, sharing experience and knowledge to produce material for publication. It does not matter if you have no experience of opening groups; it is your skills and curiosity that will assist in the success of this project. The equipment needed will be laptops, tablets, internet access and cameras.

Encourage new groups and growth through your participation and attendance of this Workshop.

As lunch will be provided, please indicate your attendance to Francis and John through email.

francis.wallington@btinternet.com or jasanvil@me.com

Time; 10.00am to 16.30 hours

Date; 26th February 2017

Meeting Room Jacobean Hotel, Holyhead Road, Allesley, Coventry CV5.8HX.

Chocolate Cake
