

HGS Report

I have nothing to report for this NEC meeting. Regrettably I have been unable to do the minutes for the May meeting, this has been due to severe pressures at work and also being away. In the worst possible case I won't be able to do much more as HGS other than produce the NAGM 2019 minutes. Thank you to Steve for being sympathetic to this when I got in touch recently and I look forward to seeing many of you at WASH if not before.

I hope you have a productive meeting

Ian Crawshaw
