

# NGOOT 2005 CAR RALLY

## Guidance Notes:

- Teams **MUST** visit places in order of their clue sheets to avoid stacking up – this will be monitored and your progress checked at the checkpoint in Oldbury.
- Drive carefully and use recommended parking sites.
- Divide your manpower well looking for clues.
- Don't spend too long looking for clues, you only have so long, use time management – this is an integral factor in this event. All be aware clues are not in order.
- Try not to spend too long in each location.
- You have 60 mins for lunch at Anchor Inn and will be logged in and out. If there are problems ordering food more time will be made available.
- Most questions are worth ONE point for each answer given (for example if two answers are required for one question you get a point for each). However, in some cases certain questions are worth TWO points where we are looking for a more exact answer than one you may provide.
- ¼ points will be awarded for a VERY GOOD quality "Alternative" fun answer – these will be limited so aim for the correct answer.
- Picture Clues are worth FIVE points each but be warned they are not in order of places.
- Teams returning late will loose a point for every minuet they miss, you will be informed of your latest return time as you are sent out.

## Olveston →
